Warm wishes,

Dear Hiring Team,
Hami DajuVai

I am writing to express my interest in the part-time Project Associate position at Hami DajuVai. After spending over eight years abroad, I have recently returned to Nepal with a strong desire to engage more meaningfully with local communities and contribute to social change. Although I come from a professional background in client relationship management, my interest in volunteering and community involvement has remained close to my heart.

During my time abroad, I was eager to join social initiatives but often found it difficult to do so due to a demanding work schedule and lifestyle. Now, having returned home, I see this as the right time to actively take part in causes I truly care about, particularly in the areas of gender equality, youth engagement, and positive social transformation.

While I may not have sold experience in the development sector, I bring with me strong coordination and communication skills, along with an open mind and willingness to learn. I have previously volunteered with Yuwalaya Nepal during the 2015 Nepal earthquake, assisting with youth mobilization. I've also recently joined the Leo Club of Kathmandu Rainbow City to further engage with youth-driven community work.

I hold a Bachelor's degree in Business Informatics from the Czech University of Life Sciences, Prague and I am comfortable using tools like MS Word and Excel for documentation, have a valid too wheeler license for field travel, and I thrive in team environments. I am confident that the energy, dedication, and enthusiasm I bring will help me grow quickly into this tole and support the team effectively.

Thank you for considering my application. I would welcome the opportunity to contribute to your mission and learn from your work. I look forward to hearing from you.

Best regards,
Manish Dahal
